Subject: RE: Email Introduction to Mr. Paul Wagner

Good Morning, Eboni,

One of my colleagues, Donnette Sturdivant, and I are working in the North Birmingham area on health and wellness issues. We would like to talk with you about our involvement in North Birmingham and your activities through the Gulf States Health Policy Center. Would Thursday morning, April 30, work for you for a telephone call?

We are available before 11:00 Eastern time, 10:00 Central time for a discussion.

Danny, thank you for your introduction. I'm looking forward to sharing ideas.

Take Care,

Paul

Good morning!

Thanks, Danny, for the e-introduction!

Mr. Wagner, I look forward to connecting with you. There are a number of concerns our coalition members are interested in addressing that have environmental impacts (e.g. transportation, heat islands), so this conversation is a timely one. Feel free to share some dates/times when you'd be available to talk by phone. Additionally, I'll be in Atlanta on May 28 if you'd like to set up an in-person meeting as well.

I look forward to speaking with you soon. Have a wonderful day!

Eboni

Subject: Email Introduction to Mr. Paul Wagner

Hello Eboni,

Hope you are well, this is an electronic introduction to Mr. Paul Wagner, Environmental Scientist, with the US EPA, Atlanta, Georgia (404)562-9100 wagner.paul@epa.gov.

I presented the Gulf States Health Policy Center, highlighting the collaborations and partnerships that we are establishing at the 5th Annual Regional Justice Summit where Paul and I had an opportunity to discuss common issues and focus areas. Paul expressed a high interest in further discussions with our contact in the Birmingham / Jefferson County area of the Coalition.

Paul, it was a pleasure to speak with you in Mobile, if there is anything else I can do to affect a positive outcome, let me know, I believe there are some opportunities to partner.
